Educational Extension Sites Commitment to Off-Campus Locations

The University of St. Francis meets its goal of providing "programs and courses that are constructed for and offered at a time and place convenient for lifelong learning" by offering undergraduate and graduate programs on campus and at onsite locations throughout the nation, as well as online.

The University, upon initiating a new location, makes a commitment to offer the courses in that area which will enable students to complete the degree program. During the program cycles, the colleges will evaluate the course enrollment each semester. If insufficient enrollment is determined, a projected closing date will be announced that will enable current students to complete the program onsite if there are no program interruptions, or through alternative delivery formats. The deans of the colleges reserve the right to make decisions on closing site locations. Every effort will be made to maintain the designated meeting night and location. However, in the event of instructor or site unavailability, or a

change in enrollment, the University of St. Francis reserves the right to change a class night or class meeting location to another site within the area, if possible. Advanced notice will be given to accommodate students' scheduling arrangements.

Academic Support to Off-Campus Sites

Students attending classes at off-campus sites are encouraged to call the appropriate faculty member to discuss academic issues or academic advising. To discuss any other matters pertaining to their association with the University, students should contact an administrator within the college.

Student Identification Card

A current University of St. Francis ID card is issued to all off-campus students at the beginning of each academic year and to new students each semester. The card identifies the holder as a USF student and entitles the holder to privileges awarded to such. It may enable students to obtain library privileges in some areas. It is also useful for admission to museums, theaters, sporting events, etc. that have special rates for students.
