

COLLEGE OF BUSINESS & HEALTH ADMINISTRATION

The College of Business and Health Administration is a team of exceptional, experienced professionals dedicated to providing a rigorous academic curriculum in a supportive compassionate learning environment. Guided by our Catholic Franciscan values, we are committed to student success and lifelong learning.

Mission Statement

The College of Business and Health Administration prepares professionally competent and ethically responsible graduates for management and professional positions in business or health related fields. The College emphasizes excellence in teaching, close interactions with students, and a broad base of theoretical and practical knowledge. Faculty include both full-time and adjunct faculty who are professionals with expertise in the courses they teach. In addition, we are committed to continuous quality improvement, applied scholarly contribution, and assisting the business and health care communities.

Vision

With Franciscan charism and a caring environment, we welcome, challenge, and enlighten...**Empowering you to change the World.**
