Transferring from a Community College

An associate degree in criminal justice, law enforcement or related field will transfer to the University of St. Francis as completing the first half of the bachelor's degree. Most courses at the 100 or 200 level, including criminal justice and law enforcement courses, will transfer from a community college with grades of "C" or higher. USF has articulation agreements with many Illinois colleges. Contact the Transfer Center, counselor or advisor at your community college, speak with an USF admission counselor or visit the USF website for more information on course transferability.

Internship

The Internship is an opportunity for a senior to gain further experience by working with professionals in a criminal justice, corrections, probation or law enforcement setting. It allows students to explore areas of possible employment while gaining valuable experiences.

Students work with their advisors in selecting additional elective credits to fulfill the 120 credit hours required for graduation.
