

PHILOSOPHY - MINOR PROGRAM

The Philosophy program offers all students an opportunity to examine the fundamental questions of human existence. The courses are designed to help students understand the great philosophical thinkers and enable them to critically address important philosophical issues that affect their own lives. The program places special emphasis on a knowledge of the historical origins of the Western philosophical tradition and on the development of skills of philosophical analysis.

Students may select philosophy as a minor program. Many of the course offerings in philosophy are interdisciplinary in character, and students are encouraged to relate philosophical knowledge and skills to the area of their undergraduate major. Indeed, the minor program in philosophy is especially suited to students who bring a considerable degree of intellectual initiative and independence to their work.
